**My Official Site:** https://thedevelement.com/

## Profile

Motivated software engineer with four years of education and one year of professional experience in full-stack development across *web* and *mobile* applications. Skilled with Next.js, React Native, React, Angular, and Python, Node, and Typescript with a strong foundation in Agile workflows, CI/CD pipelines, and modern development tools. Passionate about problem-solving and crafting innovative solutions to complex challenges.

## Skills

| Technologies | | Interpersonal Skills |
| --- | --- | --- |
| JavaScript | Python, Flask | Patient and high-functioning under pressure |
| HTML5 | CSS3, Style MUI | |
| Tailwind | React.js, Jest | Diplomatic communicator and team player |
| Next.js, React Query | Express.js, Axios | |
| Stencil.js | Angular | Intense appetite for education and experience, always willing to lend a hand or ask for one |
| Node.js | SASS | |
| TypeScript | Docker | Dedicated and flexible per what the job demands of me |
| Postgres, TypeORM | MongoDB | |
| SQLite, Prisma | Zod, Zustand, bcryptjs | Very fast learner and unwed to any technology, willing to learn whatever I need to |
| AWS (ECS, EC2, RDS) | React Native | |
